

I have volunteered for the CLA since 2007. I have served on the Board, Executive, and as one of the former Women's Directors.

I am running for the CLA executive to continue the important work in advocating for the defence bar on many fronts.

If elected, I will work to continue building a sustainable relationship with Legal Aid Ontario and MAG that benefits both our practices and our clients. As well as continuing efforts and initiatives to bring value to and retain new members, especially women in the defence bar. A key priority for me is developing one source of truth document for zoom links, counsel sign up sheets and online resources.

Thank you for considering my platform. Please contact me with any questions.
