

I spent the last two years on the CLA Women's Committee becoming intimately familiar with its operations and the big shoes that its leaders, Michelle Johal and Stephanie DiGiuseppe, have left to fill.

As a member of the Women's Committee, I spent a significant amount of time helping to create an opportunity for our members to meet female Crown Attorneys and members of the judiciary (i.e., the CLA Women's Gala: Meet a Legal Legend). Through my work on the Women's Committee, I was also able to join the National Women's Group on Addressing Retention of Women in the Practice project.

If elected, I intend to bring the knowledge I have gained from these opportunities to help create more mentorship and networking opportunities.
