

Sarah Cheshire – CLA Platform

I am a 5-year call with membership to both the Waterloo Region Law Association and the Wellington Law Association. My office is currently in Guelph and was previously located in Kitchener. I regularly defend cases in both jurisdictions and as a result, have a unique position to service both local bars in my role as the Regional CLA Director for Waterloo-Wellington. I have only had a few short months in this position since I was elected to the board mid-term. During this time, I initiated a local CPD program to bring quality education to our small jurisdictions. I have plans to continue in this endeavour if I am re-elected and look forward to the opportunity to continue serving in this role.
